

TWO KILLED 4 INJURED IN AUTO WRECK

Machine Struck by Pas- senger Train and Moth- er and Son Meet Death

VIEW WAS OBSTRUCTED

As Driver Approached The Tracks—Three are Killed Near Elmira, N. Y., and Two at Potomac, Va.

(Associated Press Telegram)
Fremont, Sept. 8.—Two persons
were killed and four were injured
Sunday when the automobile of Geo.
Gleckler was struck by a Wheeling
and Lake Erie passenger train at the
Smith Road grade crossing, a short
distance east of Fremont.

The dead:
Mrs. George Gleckler, aged 44.
Clarence Gleckler, aged 21, her son.
The injured:
George Gleckler, aged 47.
Miss Jessie Henry, aged 21.
Malinda Gleckler, aged 11.
Theodore Gleckler, aged 53.
All of them live near Elmira, Ot-
tawa county, where Gleckler operates
a factory, and owns a large tract of
land.

The automobile party was on route
to Green Springs, south of Fremont.
Clarence was driving the car and it
is supposed he failed to see the ap-
proaching train until it was too late
as the brakes were set when the ma-
chine was examined after the acci-
dent.

Mrs. Gleckler and Clarence were
seated on the side of the machine
which was struck. The rest of the party
was hurled clear of the track.
Theodore was being held by his
mother, but was knocked from her
arms and escaped with slight injuries.
All of the injured are in the Fremont
hospital.

FATHER AND TWO DAUGHTERS KILLED

Elmira, N. Y., Sept. 8.—Eugene J.
Connelly of Springs Corner and his
two daughters, Misses Phoebe and
Carolyn, were killed when the auto-
mobile in which they were riding was
struck by a Lehigh Valley train at
Cayuta, between Elmira and Thru-
way Sunday.

Mrs. Connelly was also in the auto-
mobile and sustained probably fatal
injuries.

AUTO STRUCK BY AN ELECTRIC CAR

Alexandria, Va., Sept. 8.—Two per-
sons were killed Sunday when the
automobile in which they were riding
was struck and hurled more than 100
feet over an embankment by a Great
Falls and Old Dominion electric car
at Potomac, Va., near here. William
H. Peck, a merchant of Alexandria,
owner of the automobile, and Ernest
Zell were the victims.

BOY IS KILLED CHASING BALL

Cincinnati, Sept. 8.—While running
to catch a fly ball, the out on which
would have decided the baseball game,
in which he was engaged, Wm. Lut-
zenberg, aged 15, was struck and
killed by an automobile owned by
Stewart Shultz, proprietor of a large
department store.

The chauffeur of the machine said
that young Lutzenberg ran out in the
street in chase of the ball and was un-
der the wheels of the automobile be-
fore he could stop it.

MEMBERS OF JAP CABINET PROTECTED

(Associated Press Telegram)
Tokio, Sept. 8.—Anarchistic ex-
pressions in connection with the ac-
tivation of the killing of Japanese
at Nanking led to the suppression
today of the Nihon-Shimbun, an in-
dependent newspaper. The journal
asserted that the punishment of the
spies of Yuan Shi Kai, the Chinese
president, had just commenced, that
the murder of Director Abe, of the
Japanese foreign office, was "a
heavenly judgment" and that other
assassinations would follow.

The members of the Japanese
cabinet are being constantly pro-
tected by detectives.

GAVE BABY OIL OF WORMWOOD.

(Associated Press Telegram)
Chicago, Sept. 8.—Left to guard
his infant brother, Harry Closky,
five years old, last night gave the
crying child something out of a bot-
tle to make it quiet crying. Just as he
had seen his mother do. The baby
went into a sleep from which it never
awoke. The "little father" missed
the paragon bottle of an inch and
administered a dose of wormwood.

Cornerstone of the New West Newark M. E. Church Laid Sunday Afternoon

In the presence of a crowd of over
1,000 assembled in the open under
an overcast sky, the corner of the
new Elizabeth M. E. church, 350
Seal avenue, was laid Sunday after-
noon, the final and crowning cere-
mony of the entire day's program
incidental to it.

The cornerstone was actually laid
by Rev. P. H. Fry, present pastor of
the church, and immediately there-
after was decked with a big
bouquet of mixed flowers by Mrs.
Henry Day on behalf of the children
of the Sunday school.

From the first service of the day
at 9 a. m. until the hour set for din-
ner in the Hull grove, opposite the
new church, crowds began to flock
to the grounds. Over 500 were pre-
sent to attend the old-fashioned love
feast preceding the morning's ser-
vice in the West Main street church, con-
ducted by Dr. A. H. Norcross and
the pastor, Rev. P. H. Fry.

The principal service of the day
was that of the afternoon, held in
the grove, with speakers occupying
a platform erected for the purpose.
This was really the ceremony attend-
ing the cornerstone laying.

Dr. A. H. Norcross, superintendent
of the Zanesville district, was the
principal speaker, although both
former pastors of the West Main
street church were present, as well
as members of the Newark clergy,
invited to attend. Dr. L. C. Sparks
of the First church was unable to
be present on account of a funeral
service.

Special music was furnished at
this service by the Hawkins chorus,
with piano and other orchestral ac-
companiment.

Automobile and horse-drawn ve-
hicles crowded and threatened to
block traffic along West Main street,

as the crowds pressed closer around
the stand in the Hull grove to hear
the speakers of the afternoon.

Dr. Norcross, the venerable head
of the district, and one of the most
widely known of Ohio Methodists,
said in substance:

"The growth of the West Main
street church is all but phenomenal.
Beginning a few years ago with a
small membership, we now find a
congregation of about 700.

"The old Hebrew church stood for
the name, authority and providential
reign of Jehovah; the modern
church stands for the personality,
the message and the ministry of
Jesus Christ. Intensively, it is based
on Pentecost; extensively, it is based
on the world's vision. Its mission
is to put down slavery in the name
of liberty—and slavery has been put
down; to put down ignorance in the
name of learning—and this is being
accomplished; and to put down idola-
try in the name of the true religion
—and idolatry has been put down.

"When Christianity began, servil-
tude, ignorance and idolatry were
universals. Its vision is as wide as
the race that needs to be helped,
its purpose as universal as its com-
mission to save the world. It has
been successful everywhere, and no-
where more than in its institutional
forms in our midst."

Rev. H. S. Bailey, first pastor of
Elizabeth chapel, later the West
Main street church, was warmly wel-
comed, as was also Rev. H. J. Hol-
comb, second pastor of the church.
Both have charges in Zanesville.

Rev. Mr. Bailey devoted his dis-
course to an observation of the ad-
vance of the ages, progress of the
world and the general moderniza-
tion of all implements and institu-

Bishop Donahue Before Senate Committee In the West Virginia Mine Probe

(Associated Press Telegram)
Washington, Sept. 8.—Greed of coal
operators as well as the miners,
Bishop J. P. Donahue of the Catholic
church told the Senate investigating
committee today, was the fundamen-
tal cause of the West Virginia strike.
Exorbitant prices in company stores,
from 15 to 25 per cent. above the
market prices, he gave as one in-
stance on the part of the operators.
The bishop was on a commission
which investigated conditions on
Rain Creek and Cabin Creek. He
was agreedly surprised by the living
conditions of the miners.

"Of course, we found no Turkish
rugs, but we did find fairly comfort-
able workingmen's homes," said the
prelate.

"Were the men contented?" asked
Senator Keaton.

"I can best answer in the words of
the witness Griffith, who said the men
would not be satisfied until they
owned the mines."

Coming to the cause of the strike
the bishop quoted a line from the
Psalms, "The rich man flaunts his
wealth and sets the poor man on
fire," and declared it applied to the
situation in West Virginia. He added
that infidelity had been taught to the
miners; that they had been taught
that the saying "the poor we have
with us always" was a farce, and that
the miners had just as much a right
to automobiles and live in Kanawha
street as the coal operators.

Sensor Borah contended that if
laboring men were not ambitious they
would become industrial slaves.

"An, but not so if property owners
are not filled with greed," returned

the bishop. "I believe men should
hold property, not as their own, but
as trustees for others and that trust-
eeship should be shown by acts."

Sensor Martine asked Bishop Don-
ahue if labor unions were not organ-
ized, in his opinion, for good of the
members. The bishop hesitated un-
til the question was repeated, then
said:

"That may be one reason; another
is to furnish fat salaries to officials."
"Did you ever hear of an official
that was worth \$20,000?" demanded
Attorney Stedman for the United Mine
Workers?

"I did not speak of accumulations,
referred to salaries," returned the
bishop calmly.

Attorney Frank M. Monett, also for
the miners, asked if the bishop
thought gaudy guns, armored cars
and bloodhounds were some of the
things that set the soul of miners on
fire. The bishop responded he con-
sidered the use of those weapons best
governed by the common law, which
allowed the use of guns when the user
was "backed to the wall."

The bishop denied having come to
Washington at the request of the coal
operators to protest against former
immigration Commissioner O'Keefe
stopping immigrants going to West
Virginia mines because the mines were
not unionized. The bishop declared
he came on his own volition. He said
the immigrants were possibly Catho-
lics but they "were not working at a
hard."

"Well, they pay up and that is what
you want," suggested the attorney.

"On, no, paying money does not
make a man religious. He must go to
church and live his religion."

ELECTRIC RAILWAY EMPLOYEES MEET AT SALT LAKE CITY

(Associated Press Telegram)
Salt Lake City, Utah, Sept. 8.—
The convention of the Amalgamated
Association of Street and Electric
Railway Employees, convened here
this morning.

International President W. D. Ma-
hon, of Detroit, said that the con-
vention probably would be in session
for two weeks, on account of the
great amount of business to trans-
act. Among the more important work
to be taken up will be a readjust-
ment of the pension system, and the
probable organization of a woman's
auxiliary.

ONE KILLED, ONE INJURED IN CAVE-IN

Dayton, O., Sept. 8.—In a gravel
cave-in on Norman avenue, North
Riverside, this morning, Joseph
Cochran, aged 35, single, teamster of
Marathon avenue, was instantly killed,
and Roman Bruns, of 1019 East
May street, teamster, was injured.

FELT EARTHQUAKE SHOCK.

Kingstown, Island of St. Vincent,
B. W. I., Sept. 8.—An earthquake
shock was felt here yesterday. Sub-
sequently a severe thunderstorm, ac-
companied by a heavy fall of rain,
broke over the island. The telephone
service was affected and minor
damage is reported from plantation
districts.

CONVICTS Suffocate in An Underground Cell in Texas State Prison Farm and Investigation to Occur.

(Associated Press Telegram)
Richmond, Texas, Sept. 8.—
Arrested by the suffocation of eight
negro convicts in an underground
cell at the state prison farm Satur-
day night, the governor of Texas
the attorney general's department,
the prison commission and local po-
lice authorities today began an in-
vestigation.

The negroes were among a dozen
who had been placed in the under-
ground cell as a punishment for al-
leged laziness exhibited in the cotton
field. Wednesday has been set for
the hearing of the three guards ar-
rested in connection with the inves-
tigation.

BONES OF MASTODON.

(Associated Press Telegram)
Farmington, Conn., Sept. 8.—The
bones of a mastodon are being ex-
cavated from the estate of the late
Col. Alfred Pope here by experts
from the Peabody museum, Yale Uni-
versity. The museum men say that
the bones have been laid where
found for 20,000 years.

The mastodon was eleven feet
high at the shoulder.

JEROME AT COATCOOK FOR TRIAL

His Hearing On Gambling Charge Occurring This Afternoon

SMALL CROWD PRESENT

When Attorney Steps From Train and He is Greeted in Silence—Thaw Evinces Great Interest.

(Associated Press Telegram)
Coaticook, Sept. 8.—William Travers
Jerome stepped off the train from
Montreal at noon, ready to appear in
court this afternoon on a charge of
gambling, on which he was arrested
last week. A small crowd greeted him
in silence. He made no statement
and was taken at once to his hotel.

Samuel Jacobs, K. C., of Montreal,
chief counsel for New York state in
its fight to return Harry K. Thaw to
Matteawan, accompanied Jerome.
They alighted from the train almost
directly beneath the window of the
detention room where Thaw is held.
It was raining and there were not
more than forty idlers at the station.
Notwithstanding the open hostility
that has been shown Jerome here, no
threat was heard today. The crowd
dispersed quickly and drifted toward
the court house where the hearing was
to be held at four o'clock. It was pre-
dicted that the charge would be dis-
missed on a technicality, in that it
specified that Jerome played cards in
"a railroad station," when, as a mat-
ter of fact, he was more than fifty
feet from the station.

THAW FAMILY AT MONTREAL.

(Associated Press Telegram)
Montreal, Sept. 8.—Mrs. Mary Cop-
ley Thaw, mother of Harry Thaw,
will arrive here tonight. Rooms have
been engaged for her at a local hotel.
Mrs. George Lauder Carnegie,
Thaw's sister, and her husband
reached here today. "We expect to
be in Montreal some time," she said.

HYDE CASE IS AGAIN POSTPONED BY PROSECUTION

(Associated Press Telegram)
Kansas City, Sept. 8.—Another link
was added today to the tangible chain
of court procedure resulting from a
four years effort by the state to con-
vict Dr. B. Clarke Hyde of the murder
of Colonel Thomas H. Swope, when
the fourth trial of the former physi-
cian in the family of the millionaire
philanthropist was postponed at the
state's request until January 5, 1914.
Prosecutor Jacobs asks postponement
because of lack of funds to prosecute
and of inability to get witnesses to-
gether. Two important witnesses
have died since the original case be-
gan. These were D. G. T. Wynan,
the Swope family physician, and Miss
Lou E. Van Noys, nurse to Colonel
Swope. Miss Van Noys was drowned
while boating in Iowa three weeks
ago.

CELEBRATION OF PERRY'S VICTORY AT SANDUSKY, O.

(Associated Press Telegram)
Sandusky, O., Sept. 8.—Factory and
craft whistles shrieked a continuous
salute, guns aboard the U. S. S. Es-
sex anchored midway between this
city and Johnson's Island, famed as
a federal prison in civil war days,
with a battery of historic small canon
stationed ashore, booming low
and loud and ten thousand people who
thronged the waterfront, cheered
themselves hoarse as Commodore
Perry's resurrected flagship came in-
to port here from Buffalo this morn-
ing at 9:50, an hour ahead of time.
This officially opened Sandusky's
two-day celebration of Perry's victory
in the battle of Lake Erie.

Tied up at the roof of Jackson
street, a committee boarded the Ni-
agara and on behalf of the city, pre-
sented a loving cup appropriately en-
graved. The presentation was made
by representatives of Martha Pitkin
chapter, Daughters of the American
Revolution of Sandusky.

A down-pour of rain this morning
dampened decorations, some what a
rough sea rolled up by a strong wind
from the northwest, kept small craft
from going out to the entrance to
Sandusky bay to meet the Niagara.

MAY GET EXTRA SALOON.

Port Clinton, Sept. 8.—By a spe-
cial census completed by the village
council, Port Clinton may have one
saloon more after the new license
law goes into effect than had been
expected. In 1912 the census enu-
meration showed 3,007, while the
new census gives 3,615.

POSSIBILITY OF DECISION REMOTE

(Associated Press Telegram)
Ottawa, Ont., Sept. 8.—Dominion
officials have forced a delay of possibly
two years before final decision in the
Thaw case.

The litigation in their opinion un-
doubtedly will be carried through the
Dominion courts to the Privy Coun-
cil in England, where the final verdict
will be written. Until this verdict is
given, the immigration officials be-
lieve the courts will not permit the
deportation of Thaw and he will re-
main on Canadian soil.

Transport Sails Today To Rescue Imperilled Americans In Mexico

(Associated Press Telegram)
San Francisco, Sept. 8.—The army
transport Buford will sail late to-
day to gather up Americans in peril
on the west coast of Mexico. The
vessel will be in charge of Charles
Jenkinson, special representative of
the state department. It will fly
the red cross flag, as it is believed
the ship will be better able to per-
form its relief work under that ban-
ner, owing to the present temper of
Mexicans, than under the American
flag.

The Buford, it is thought, will
bring back between 500 and 1,000
Americans and probably a second
trip will have to be made to accom-
modate all who wish to get away.

Jenkinson arrived from Washing-
ton last Friday and has been busy
loading the Buford with medicines
and stores and of arranging for the
embarking of hospital men and
nurses and soldier guards. The trip
is expected to last from four to six
weeks. The first stop will be made
at Manzanillo Sept. 15.

For several years Jenkinson was
in Mexico attached to the American
embassy. He recently has made two
trips to Mexico to bring back retu-
gees, landing one party in Galveston
and another in New York.

Of the 10,000 Americans in Mexi-
co when President Wilson issued his
warning, there probably would be
less than 1,000 by the time the Bu-
ford returns to this city.

ZAMAONA AT HAVANA.

Havana, Sept. 8.—Manuel de Za-
macona, former Mexican ambassador
to the United States, arrived here
today on the steamship Esperanza
from Vera Cruz. He immediately
transferred to the steamer Prince
George, bound for Key West.

Senor de Zamacona said the re-
port that he was going to Washing-
ton as the special representative of
President Huerta was untrue.
"I am going to the capital on
purely private business," he said.
Further than that the Mexican
diplomat declined to talk.

ADMINISTERED POISON TO FIRST WIFE, IS CLAIM

(Associated Press Telegram)
Chicago, Sept. 8.—Charges made
by Mrs. May Muir, that her husband,
A. Burt Muir, an accountant, had
confided to her that he had poisoned
his first wife, Mrs. Mary L. Ryan
Muir in Louisville, Ky., over a year
ago, were brought out in the munici-
pal court here today.

Muir was arrested on a warrant
charging disorderly conduct on com-
plaint of Mrs. May Muir and when he
was arraigned before Municipal
Judge Dolan today a continuance of
the hearing was obtained until Fri-
day on the ground that more time
was desired in which to investigate
the death of Muir's first wife. Muir
demanded an immediate hearing but
his request was denied.

Muir denied the charges that he
was responsible for the death of his
first wife.

"My first wife died of dropsy," he
said. "I can prove it by the death
certificate."

CONGRESSIONAL ELECTION BEING HELD IN MAINE

(Associated Press Telegram)
Portland, Me., Sept. 8.—Voters in
the Third Maine congressional dis-
trict went to the polls today to select
a successor to the late Congressman
Forrest Goodwin, Republican, with
the question of the endorsement of
President Wilson's administration and
the pending tariff bill as the chief
features of the campaign.

Mayor William R. Pattengall of
Waterville, the Democratic candidate
for the office had the assistance of
Secretary of State Bryan in the clos-
ing hours of the campaign. The dis-
trict is normally Republican, being
the old James G. Blaine district. The
Republican candidate is John A.

DOUBLE CRIME AT SALEM, O.

Pretty High School Girl and Her Sweetheart Are Found Dead

MURDER AND SUICIDE

Is Outcome of Hunt For Mushrooms—Girl's Body Was Found Under Blank- et of Leaves

(Associated Press Telegram)
Salem, O., Sept. 8.—The finding of
the body of Ida Lee, aged 18 in a
grove three miles north of town,
this morning, uncovered a double
tragedy which has shaken this com-
munity to its foundations. Several
hours later the body of Oscar Gray,
also aged 18, the girl's sweetheart,
was found in a field near the home
of his grandmother, Mrs. Theda Al-
len at Patmos, several miles from
the scene of the first shooting.

Circumstances tend to show that
Gray killed the girl early Saturday
morning, firing two bullets into her
head, that he first tried to escape,
and that then despairing of success,
he killed himself.

The discovery of the bodies follow-
ed a search in which the whole coun-
try around took part. It started when
the parents of the boy and girl be-
came alarmed at their failure to re-
turn from a mushroom hunt, begun
at 8 o'clock Saturday morning, when
they left home in a buggy belonging
to the boy's father, Jesse E. Gray.

(Associated Press Telegram)
Salem, O., Sept. 8.—The body of
Ida Lee, aged 18, a high school girl,
was found in a grove north of here
this morning, with two bullet holes
through her head. She had been
missing since Saturday when she
went mushroom hunting with Oscar
Gray, also aged 18. Gray is missing.

The body had been concealed be-
neath a blanket of leaves and weeds.
A large posse of townspeople had
been beating the country roundabout
since early yesterday morning, when
the girl's parents, Mr. and Mrs.
Charles Lee, reported her disappear-
ance.

The disappearance of Young Gray
was noted about the same time,
when his father, Jess E. Gray, pri-
vate policeman found that his revolver
was missing from his bureau
drawer.

The young folks had been sweet-
hearts since childhood. They both be-
long to the junior class of Salem
high school. Miss Lee was pretty,
and active in high school social af-
fairs. Gray was the star athlete of
the school.

The couple left Salem Saturday
morning at 8 o'clock, traveling with
the horse and buggy of Gray's father.
Saturday afternoon when they did
not return friends expressed the
opinion that they had eloped, how-
ever, when Gray's father missed his
revolver, alarm succeeded and it was
feared that an accident had befallen
the missing young people. The
search which resulted in the finding
of the girl's body was immediately
began.

She had been killed with a revolver.
One bullet had penetrated the
forehead and the other had entered
her left eye. Her face also was badly
bruised. Over her head had been
thrown a shirt, later identified as one
which Young Gray wore when he left
home.

Upon this discovery, an effort was
at once made to locate Gray.

This led to the discovery that he
had appeared at the home of his
grandmother, Mrs. Theda Allen, at
Patmos, six miles north of Salem,
at 10 o'clock Saturday morning, driving
his father's horse and buggy. No
one was with him. After driving in-
to his grandmother's barn and leav-
ing the rig, he hurried into the
house, and seating himself at the
kitchen table, started to write a note
on a sheet of paper that he pulled
from his pocket.

END OF THE OPENING FREE OFFER

By DR. ENGLE Newark's Leading Specialist

As I have long since passed the hundred mark I have been able to prove my method of treatment was the only successful one in Chronic Diseases. I have written my offer of service free and have your patients at the same time that your Regular Physician does, namely, that of merit. Is Socialism Desirable For the United States?

Labor Should Claim Its Production

By EMIL SEIDEL,
Former Socialist Mayor
of Milwaukee

If Profit System Were Abolished

By J. ADAM BEDE,
Former Congressman From
Minnesota

ALL economic evolution tends toward socialism. The initiative, referendum and the recall are three of the principal demands of the Socialists, and the adoption of these policies in so many places is a VINDICATION OF THE DOCTRINES OF SOCIALISM.

The adoption of these three ideas proves that socialism is coming, and we may as well get ready for it. NOTHING CAN PREVENT THE ULTIMATE TRIUMPH OF SOCIALISM.

Socialism is the doctrine of the working class. It is the result of capitalism. Capitalism is the FATHER OF SOCIALISM. Capitalism means a continuation of the profit system, under which the capitalist exploits the workingman.

Time was when the workingman owned the tools with which he worked. Today he DOES NOT OWN THE TOOLS. They are owned by the capitalist for whom he works. The capitalist tells the workingman WHEN HE SHALL OR SHALL NOT WORK, when he may or may not work.

SOCIALISM PROPOSES THAT THE WORKMAN SHALL OWN HIS TOOLS, THAT EVERY PERSON SHALL HAVE THE RIGHT TO WORK AND THAT EVERY PERSON SHALL OWN WHAT HE PRODUCES AND NOTHING MORE. THE PROFIT SYSTEM WOULD BE ABOLISHED.

That would give them collective ownership. Why don't you do it? And why do the ten million workmen keep their money on deposit in the savings banks? FOR PROFIT, of course.

LEG BROKEN WHEN A TEAM RUNS AWAY

John Murphy, residing south of Newark on the Linville road, had his left leg broken Saturday afternoon about 4 o'clock when a team of horses he was driving ran away.

Mr. Murphy had gotten off the wagon to open a gate in the lane leading to his farm. One of the team, a colt, became frightened, and Mr. Murphy jumped upon the wagon to throw the load. The horses in running struck a large stone, throwing Mr. Murphy under the wagon and the wheels passed over his left leg, breaking it just above the knee.

Dr. Homer Davis of Newark was called to reduce the fracture and the injured man is resting comfortably today.

The Alpha Nu Sigma boys will move into their new home at once and expect to be located before the opening of school next week.

HAY FEVER VICTIMS TAKE THIS ADVICE

Start Taking This Simple, Harmless Treatment at Once and Ward Off Attack.

The application of Nostriola two or three times daily during the Hay fever season, will purify, cleanse and strengthen the lining of the air passages so they can resist the attack and you won't be bothered with those dreadful spells of sneezing, wheezing and weeping.

Certainly every sufferer from Hay fever should try the Nostriola treatment. It costs but a trifle—less than one-half cent a day—and a pleasant surprise awaits all who use it.

The Nostriola treatment is simple easily applied and always brings prompt relief in cases of Hay fever, Catarrh, Croup, Asthma and all diseases and stoppages of the air passages.

All druggists sell and recommend Nostriola. It is put up in handy sanitary tubes—price 25 cents for about sixty days' treatment. Get a tube of your druggist today and you'll wish you had tried Nostriola sooner.

SAGE TEA DANDY TO DARKEN HAIR

Look years younger! Use the old-time Sage Tea and Sulphur and nobody will know.

You can turn gray, faded hair beautifully dark and lustrous almost overnight if you'll get a 50-cent bottle of Werthe's Sage and Sulphur Hair Remedy at any drug store. Millions of women of this old, famous Sage Tea Remedy are sold annually, says a well known druggist here, because it darkens the hair so naturally and evenly that no one can tell it has been applied.

Those whose hair is turning gray, becoming faded, dry, scraggly and thin have a surprise awaiting them, because after one or two applications the gray hair vanishes and your locks become luxuriantly dark and beautiful—all dandruff goes, scalp itching and falling hair stops.

This is the age of youth. Gray haired, unattractive folks aren't wanted around, so get busy with Werthe's Sage and Sulphur tonight and you'll be delighted with your dark, handsome hair and your youthful appearance within a few days.

CENTRAL LEAGUE CLOSES SEASON

The 1915 season in the Central League closed with the games played Sunday. Probably the first time in the history of the organization, this league went through the season without the usual shakeup before the end came. With a six club circuit, fairly compact, because of the elimination of Wheeling and Zanesville, the two Ohio clubs, Dayton and Springfield, with Torre Haute, Ft. Wayne, Evansville and Grand Rapids managed to weather the usual storm of financial difficulties experienced in past years.

Good press agent work on the part of the sport writers in that circuit resulted in the sale of nearly \$25,000 worth of players during the season. Of course the talent was there, but the sale of the players had much to do with the success of the season. Louis Heilbroner served his first year as president of the circuit and his executive ability was also a great factor in the success of the organization.

LICKING'S WAS BEST EXHIBIT AT THE FAIR

Licking county took its rightful position as first county in the state for agricultural products in the exhibition at the State Fair last week. The exhibit as arranged by Arthur H. Powell, well known gardener and agriculturist, was pronounced the best in the exposition and there was no hesitancy on the part of the judges in awarding the blue ribbon to Mr. Powell's display.

The products which made up the display were grown by many Licking county farmers and placed in the hands of Mr. Powell to be arranged as he saw fit. The fact that he received many favorable and highly complimentary criticism on the display indicates that he arranged the vegetables and grain to a good advantage.

In addition to the blue ribbon for the best county exhibit, the products in Mr. Powell's care took their share of individual prizes.

The judging was done by experts from the Ohio Experimental station, which is proof that the scoring was properly and fairly done.

Seeks Divorce.
Habitual intoxication, infidelity and extreme cruelty are enumerated in the petition of Sarah E. Hussion, as reasons why she should be granted a divorce from John Hussion. The petition, filed in probate court Monday, says they were married in Zanesville Nov. 15, 1907. Attorney Jos. W. Horner represents the plaintiff.

After 28 Years.
It is never too late to sue for divorce. Harriet Williams of Newark tried it Monday after waiting 28 years for her husband, James Williams, to come back and make good. Mrs. Williams, by her attorney, Carl Norpell, filed a petition in probate court Monday, in which she says she was married to James Williams in 1881 and that in 1885 he deserted her and has not lived with her since. She asks the restoration of her maiden name.

Alimony Suit.
Charging her husband, James, with neglect, Mabel Castele filed suit in probate court Monday for alimony. H. C. Ascraft is her attorney. Mrs. Castele says they were married April 20, 1910, and have one child, Leona, two years old.

PORTRAITS OF OHIO GOVERNORS RE-ARRANGED

(Associated Press Telegram)
Columbus, Sept. 8.—The roll of honor has been prepared for the hanging of portraits in the government's re-decorated reception room in the state capitol building and the place of honor goes to William McKinley, martyred president. His likeness will be hung over the fireplace on the north wall. Rutherford B. Hayes and William Henry Harrison, and other Ohio men who were elevated to the presidency, will grace the east wall while on the south wall will be found the portraits of Arthur St. Clair, first territorial governor, and Judson Harmon. On the west wall are to be hung the likenesses of Edwin Tiffin, Ohio's first governor, and of Salmon P. Chase, former governor and secretary of the treasury during Lincoln's regime and later chief justice.

The selections were made by Adjutant General Wood.

NEWARK OHIO TOOL COMPANY IS ORGANIZED

New Industry Will Start in Part of Scheidler Shop—W. A. Erman is President.

The Newark Ohio Tool company, recently incorporated under the laws of Ohio with a capital stock of \$50,000, has been organized by the election of W. A. Erman as president and general manager, Mr. John F. Gero as vice president and sales manager and Mr. C. O. Erman secretary and treasurer.

Mr. Erman is the well-known Arcade druggist. Mr. Gero was for nine years a tool maker at the local B. and O. shops and is the patentee of the tool that the new company will manufacture.

The new company which has leased a portion of the Scheidler machine shops for temporary use, will manufacture and stay and stay bolt tools for automobiles and other machinery which stay bolts are used. They also have a new method of securing throat plates and rosebit reamers that have been pronounced mechanically perfect. Before organizing the company and deciding to go ahead with the enterprise, Mr. Gero secured several substantial orders from different railway companies to whom the new tools had been demonstrated.

Machinists, boiler makers and expert railway operators who have examined the patents and the tools that have been made according to Mr. Gero's ideas are emphatic in predicting a great future for the new industry.

AUTO OVERTURNS AND PASSENGERS BADLY SHAKEN UP

A Maxwell machine driven by Rufus Wright, a liveryman of Alexandria, went into a ditch on Saturday evening near Alexandria, but none of the occupants was seriously injured.

Mr. Wright was on his way to Granville, when a horse and buggy loomed up in the road in front of the machine. Mr. Wright sounded his horn, but the driver of the buggy refused to pull to the side of the road so the machine could pass. Mr. Wright fell behind for some time and finally in endeavoring to pass was forced into the ditch. The machine overturned and the occupants were thrown out and fortunately clear of the auto. All were somewhat bruised, but no serious injuries were received.

The machine was badly wrecked.

MRS. SING'S FRIEND LEAVES CLUE FOR POLICE TO FOLLOW

(Associated Press Telegram)
Chicago, Sept. 8.—Contents of a suitcase found in the home of Charles Sing, the murdered Chinese merchant and known to belong to a friend of the victim's white wife, formed an important development today in the efforts of the police to solve the puzzling crime. The satchel was found in a room adjoining the one where Sing was found dead, and it's owner, who is said to have been an admirer of Mrs. Sing, is being sought by the police. The information which led to the finding of the satchel was given detectives by Mrs. Sing. The police declined to say what the suitcase contained, but admitted that they found an important clue and that arrests in the case probably would be made in a short time.

Mrs. Sing held to her story today that her husband was murdered by two strange men who entered the house through a window while she and her husband were asleep.

HEAVY RAINFALL VISITS NEWARK AND VICINITY

Newark and immediate vicinity suffered some damage Sunday afternoon from the first rain of any consequence in several weeks. A heavy rainfall, accompanied by lightning and thunder, was ushered in by a wind of high velocity.

Local telephone exchanges suffered considerable damage, and several trouble reports came in from nearby rural territory. A heavy rain Sunday afternoon some miles to the north of Newark caused the Licking river and tributaries to rise rapidly but to no serious extent.

Bits of broken limbs from overhanging trees caused brass in circuit for the telephone companies, and in East Newark a pole belonging to the Central Union Telephone company fell across an Ohio Electric trolley wire in East Main street. The damage was soon repaired.

Farmers throughout the central part of the county were rejoicing Monday after the much-needed rainfall, although much of the corn has been damaged by the prolonged and excessive heat.

Sunday night's rain, and a shower Monday, had no particularly noticeable effect on the high temperature.

News dispatches from the southwest are to the effect that light showers visited parts of Missouri, Kansas and Oklahoma, but in no instance were they heavy enough to break the long drought, though the heat was temporarily relieved. Reports say the Kansas river, usually a lively stream, is the lowest on record.

An English patent has been granted for a tender to be suspended in front of an automobile wheel to brush obstructions away.

REVOLUTION ON IN REPUBLIC OF DOMINGO

(Associated Press Telegram)
Washington, Sept. 8.—Puerto Plata in the Dominican republic, where a revolution is in progress is being shelled by Dominican gunboats, with great danger to American lives and property. Jose M. Esteve, American consul there, so reported today. The gunboat Des Moines is on the way there.

Washington, Sept. 8.—The Des Moines today at Guantanamo, coaling the run to Puerto Plata, where she is due tomorrow. Puerto Plata has been in the hands of the rebels ever since the latest revolution started with the announcement of the governor that the state had seceded from all allegiance to the central government. The president demanded that Americans and their property be removed from the attempt of the Dominican government to force the rebels to uphold to capitulation.

MANEUVERS OF GERMAN ARMY OPENED TODAY

(Associated Press Telegram)
Breslau, Germany, Sept. 8.—The annual grand maneuvers of the German army opened today in the presence of Emperor William, who is acting as the supreme umpire; King Constantine and the crown prince of Greece, King Frederick August of Saxony and the chief of the general staffs of the armies of Germany, Austria, Italy and the Argentine. Two army corps are engaged. The maneuvers will test the actual battle tactics of straight fighting and frontal attacks. Flanking movements are barred. Zeppelin dirigible balloons and many aeroplanes are attached to each side. They will be allowed for the first time to practice aerial war between themselves with harmless bombs and machine guns.

Newark and immediate vicinity suffered some damage Sunday afternoon from the first rain of any consequence in several weeks. A heavy rainfall, accompanied by lightning and thunder, was ushered in by a wind of high velocity.

Local telephone exchanges suffered considerable damage, and several trouble reports came in from nearby rural territory. A heavy rain Sunday afternoon some miles to the north of Newark caused the Licking river and tributaries to rise rapidly but to no serious extent.

Bits of broken limbs from overhanging trees caused brass in circuit for the telephone companies, and in East Newark a pole belonging to the Central Union Telephone company fell across an Ohio Electric trolley wire in East Main street. The damage was soon repaired.

Farmers throughout the central part of the county were rejoicing Monday after the much-needed rainfall, although much of the corn has been damaged by the prolonged and excessive heat.

Sunday night's rain, and a shower Monday, had no particularly noticeable effect on the high temperature.

News dispatches from the southwest are to the effect that light showers visited parts of Missouri, Kansas and Oklahoma, but in no instance were they heavy enough to break the long drought, though the heat was temporarily relieved. Reports say the Kansas river, usually a lively stream, is the lowest on record.

An English patent has been granted for a tender to be suspended in front of an automobile wheel to brush obstructions away.

150 LINEMEN GO OUT ON STRIKE.

(Associated Press Telegram)
Indianapolis, Ind., Sept. 8.—A strike of the linemen on all the interurban lines in Indiana, except the Wabash Valley railway, was called at 8 o'clock this morning. The men demand recognition of the union, shorter hours and an increase in wages. It was declared by the leaders of the strike that about 150 men quit work.

FIRE DEPARTMENT BAND SERENADES WASHINGTONIANS

(Associated Press Telegram)
Washington, Sept. 8.—Members of the fire department band of Portland, Ore., on their way back from the International Convention of Fire Chiefs in New York, rose this morning, bright and early to tune their instruments for the Red Letter Day of their career. President Wilson, Secretary Daniels and the Senate were to be serenaded. As a result, Pennsylvania hotel re-echoed with nervous musicians running up and down the chromatic scale on the brasses, the rattle of drums and the shrill and staccato notes of the flutes and saxophones.

The musical organization of banders were complimented by Senator Chamberlain of Oregon.

"Music hath charms to soothe the Senate breast," murmured Senator Chamberlain. "We ought to have these boys here. I'm proud of them."

The band was under the supervision of J. W. Stetzel, superintendent of the Portland department. It leaves for home tonight.

At a late hour a dainty luncheon was served the members and two guests, Mrs. Drumm and Mrs. Smith. The next meeting will be with Mrs. Young on Hie avenue, September 18.

Miss Amy Alsach honored the bride-to-be, Miss Hazel McMullen, on Saturday with a party at her home in Mouna Court. The wedding of Miss McMullen to Mr. George Bowers will be solemnized September 11th.

FRENCH WOMEN MAKE DRESS IN TWENTY MINUTES

(ASSOCIATED PRESS TELEGRAM)
Paris, Sept. 8.—Tubé travellers who were recently astonished to see six young women hurriedly cutting and making a fashionable gown while riding in a tube train, having learned that the unusual performance was the result of a wager that the midnights could not fashion a dress complete during a trip from the Porte d'New Orleans station to the Porte de Clignancourt, a twenty minutes' journey underground.
The design was submitted to the young dressmakers as they boarded the train and as soon as they had taken their places in one of the cars, the six girls fell to their task in whirlwind fashion. Each held a particular assignment. One of them made a sleeve, another the other sleeve, another the bodice, a fourth the skirt, while the fifth and sixth attached hooks and eyes and trim-

ments. As the train drew up at the terminal at Clignancourt the girls stepped from the car and handed out the finished dress with a shout of triumph, having completed it in 20 minutes. The dress is of pink chiffon, designed in the latest style with a draped tunic and lavish ornamentation.

TWO KILLED IN BICYCLE RACE

Cologne, Germany, Sept. 8.—Gus Lawson, an American cyclist and Schurmann, a German rider were killed and Meinhold, the German's pacemaker, was fatally injured here today in the course of a motor-paced bicycle race for the 100 kilometer championship.
While Lawson was pacing Guignard, a Frenchman, a tire of his motorcycle burst and the racers were hurled to the bottom of the track. Lawson's skull and both arms were fractured.

A Weak Heart

"An interesting British report suggests that science has prolonged the lives of very young city folks, but not of the middle-aged. A series of tables compiled from reports of the Registrar-General and covering seventy years shows that for males between five and ten years of age the death rate has declined sixty-four per cent, while for those between forty-five and fifty-five years of age it has declined only three per cent—and for the next decade there is an actual increase of mortality. For both men and women between the ages of forty-five and sixty-five there is no decrease in the death rate. Doctor Newsholme finds that for both men and women in this period of middle life diseases of the heart and blood-vessels were registered as the causes of about one-third of the total deaths.
"Apparently, then, for those who reach middle life in fairly good physical condition the heart is the chief source of danger. Fortunately everybody knows that excessive use of intoxicants and tobacco and coffee weaken the heart.
"At this season, when New Year's vows are falling like leaves of autumn, we abstain from urging anybody to stop drinking or smoking or overindulgence in coffee. Go ahead—if you think your heart will stand it!"

DOMESTIC TROUBLE CAUSES SHOOTING AT CINCINNATI

(ASSOCIATED PRESS TELEGRAM)
Cincinnati, O., Sept. 8.—Fred Butcher, 31, a former saloon keeper today shot his wife in the neck, making a serious wound, tried to shoot his stepson, Harry Good, 23, a street car conductor, made a threat to shoot Mrs. Kate Bauman, a neighbor, fired a shot at Mrs. Barbara Nichols, another neighbor, which missed its mark and then fired a bullet into his breast above the heart, inflicting a wound from which he died an hour later at the city hospital.
The shooting was the culmination of a series of domestic clashes that have been going on for more than a year in the Butcher home.
Butcher came to Cincinnati from his home at Calletsburg, Ky., two years ago. Mrs. Butcher has lived in this city nearly all her life.

DUCHESS GIVES BIRTH TO HEIR

(ASSOCIATED PRESS TELEGRAM)
London, Sept. 8.—The Duchess of Roxburghe, formerly Miss Mary Goelet of Newport, R. I., gave birth to a son last night at Chesterfield house.
The duke and duchess were married in 1903. The duke's brother, Lord Alastair Robert Innes-Ker, had up to the present, been their heir presumptive to the dukedom and its 60,000 acres.
The duchess and baby are doing well. The child will assume the title of Marquis of Bowmont.
The birth of an heir to the dukedom has caused widespread joy in the border country where the family wields immense influence. Bonfires will blaze from the hill tops tonight and all kinds of festivities are being prepared by the people of Haddingtonshire.

Licking Co. Woman Becomes Insane On Entering a Theatre

Columbus, O., Sept. 8.—"Let me go to the polls! She'll come back in time to darn pa's socks and to get supper. We've been 50 years trying to get to vote and we'll get the ballot if we have to burn down the horse building and the gallery of fine arts at the state fair."
Expressing such sentiments as these, Mrs. Martha Purdam, aged 28, of St. Louisville, Licking county, was taken to the city prison Saturday night. She remained until her brother, J. H. Wareham, 284 West Ninth avenue, came and took her to his home, where she has been visiting during state fair week.
The woman was seized with a mania for suffragist campaigning while entering the Lyceum theatre. She approached a couple of men in the lobby, according to the police, and asked them if they favored votes for women. When one said he did not, Mrs. Purdam made a grab at the man's long black mustache.
Doorman Richter and Manager Harper of the theatre tried to quiet the woman, but the more they remonstrated with her the louder she became. Finally Traffic Officer Charles Davis was called from Spring and High streets.

CASUALTY LIST AUTO KILLINGS IS DECREASING

(ASSOCIATED PRESS TELEGRAM)
Chicago, Sept. 8.—Coroner Hoffman's campaign to remedy conditions which have been responsible for 110 persons being killed by automobiles in this city this year already is meeting with results. Despite the fact Sunday was fair and warm and thousands of automobiles sped over the boulevards, the casualties list was the slightest of any Sabbath during the summer. Only four persons were injured and none seriously.
The coroner asserted he believed pedestrians were more careful in crossing the streets and that automobilists were showing more regard for the rights of those who walk.

PRESIDENT'S
Daughter Intercedes for Little Blind Girl, so That She May Accompany Father on Mail Wagon.
(ASSOCIATED PRESS TELEGRAM)
Washington, Sept. 8.—The little blind daughter of Rural Mail Carrier Sherry at Mondak, O., may ride with her father over his route, although a postoffice regulation expressly forbids it, because Miss Jessie Wilson, the president's daughter interceded for the little tot and got Postmaster General Burleson to issue a special permit.
Little Jessie Columbia, aged 13, of Cleveland, spent her vacation this year with her grandfather, the postmaster at Mondak, and saw the blind girl's plight. She wrote Miss Wilson of how little Miss Sherry longed to ride on her father's mail cart, and an appeal to the postmaster general was followed today by an order waiving in the case, a regulation which forbids that any one but a carrier should ride on a mail wagon.
FIND A CLUE IN LATEST NEW YORK MURDER MYSTERY
(ASSOCIATED PRESS TELEGRAM)
New York, Sept. 8.—An embroidered letter "A" began with a flourish and finished with uncertain hand, gave detectives today their first tangible clue in New York's latest murder mystery, the body of whose victim, a girl in the twenties, has been surrendered in two pieces by the Hudson river.
Through this handworked letter, which adorned the corner of the stained pillow slip containing the body, found yesterday, detectives hope to establish the young woman's identity, although her head, arms and legs had not been found.
It is believed that the river still holds these members of the body and that the crime was committed in New York by a person or persons versed in surgery. A probable motive for the crime is found with the discovery that the young woman was to have become a mother within a few months.
A rambling letter sent unsigned to the Hoboken morgue where the body is lying is also being investigated. In this letter the writer bewails the disappearance of "Ella," and names an East Side physician.
Mr. Fred A. Miller and Miss Mabel Cady attended the production of the "Candy Shop" at the Hartman theatre, Friday night. Miss Cady remained in Columbus over Sunday, the guest of her sister, Mrs. A. J. Kelly.
THE FORWARD-LOOKING WOMAN
DETECTS
THE FIRESIDE WOMAN
By Barbara Boyd
Feminine Understudies in Governing.
MANKIND'S reasoning, to dignify it by that name, about woman is in many instances a joke," remarked the Forward-looking Woman, "if its consequences were not so serious."
"What is the latest stunt in this line that man has been doing?" asked the Fireside Woman, apprehending that the Forward-looking Woman wanted to discuss the subject.
"It is not his latest reasoning," laughed the Forward-looking Woman, "for I will say, under woman's tutelage he is improving. But this is some of his reasoning in the past. For instance, John Stuart Mill says, 'When to queens and empresses, we add regents and viceroys of provinces, the list of women who have been eminent rulers of mankind swells to a great length. The frequent examples afforded of Hindoo princesses with their limited advantages acting as regents during the minority of the heir, shows the natural capacity of women for government.' We all know that time without mind woman has acted as regent until the heir to the throne has come of age. And frequently she has performed the duties of the office much better than he has, when he has taken them over. Yet in spite of this, immediately upon his coming of age, she is supposed to be no longer fit to govern. The fact that she has governed so well never seems to argue in favor of her governing or sharing in the government, or that women generally are capable of it. When it becomes necessary for women to act as regent, mankind seems to accept the fact as a dispensation of providence, or as something exceptional that must be accepted with resignation. That the successful filling of such a post by a woman argues that woman is quite capable of performing such duties never enters his head. Now if that isn't short-sightedness, I don't know what to call it. Seems to me if I went to another planet for instance, and found a class who generally had no share in the government, and yet among them were certain ones who had governed very successfully, I should think that as a class they had at least some ability in that line. But men never do. According to the masculine viewpoint, women never have had a part in governing, so of course, they never should have. And the fact that, the world around, there have been hundreds of good queens and regents, makes no difference. These women were forced into this position by pressure of circumstances, and so, according to man's method of reasoning, it doesn't argue that women have capacities for governing. Now isn't that idiotic?"
"It certainly is a short-sighted way of looking at the matter," admitted the Fireside Woman. "But men are so accustomed to seeing things their way, that they cannot see them any other."
"But think how much more there is to life when you get a view that takes in the whole horizon, instead of just one little narrow section of it," said the Forward looking Woman as she rose to go.

God Will Laugh At Human Pride

An Old Prophecy Is About to Be Fulfilled, Says Pastor Russell.

HAS DOUBLE APPLICATION.

It Applied to Jesus Personally, but Also to the Body of Christ, the Church—The Kings of the Earth. The Rulers Amongst God's People Their Coalition Vain—God Will Laugh at Them—Jesus Will Destroy Them—The Breaking as a Potter's Vessel Will Follow—Those Who Put Their Trust in Him Will Be Blessed.

On the Atlantic September 7.—Pastor Russell's text for today was: "He that sitteth in the Heavens shall laugh; the Lord shall have them in derision." (Psalm 2:4.) He said: The vast ocean, on which this stately ship is but a toy, reminds me of "God's mercy, like the wideness of the sea," and also of the vastness of Divine Power, and human insignificance in comparison. Humanity may justly feel encouraged by the progress made in the past century. Mighty ships of steel, a thousand feet long, carrying thousands of passengers, have replaced the wooden dories of a century ago. Propelled by steam, they are indeed leviathans of the deep. The oceans have been underlaid with cables of steel, carrying intelligence to the ends of the earth. And this majestic steamer is outfitted with a wireless system of telegraphy, by which she is continually in touch with sister vessels and with the world. And these are only a few of the many avenues of progress being trodden in our day. Those not guided by the Word of the Lord are puffed with pride, and disposed to feel that our grandparents a little way back were mere monkeys.

God's people, guided by their Father's Word, and by the spirit of a sound mind, are held back from such delusion. They see that there are not many great or mighty today, as compared with the notables of the past. They see that God is behind the wonderful developments of today; for we are living in "the day of His preparation" (Nahum 2:3) for Messiah's Kingdom, and the Reign of a thousand years. These perceive that God is gradually lifting the veil of ignorance and superstition; and that, according to His promise, men are now seeing out of obscurity.

Withal, our blessings are coming in a most natural way. The printing-press, present-day mail service, telegraph systems and telephones, and world-wide education, are bringing the thinkers of earth in close touch the world over. Scarcely is a discovery made of any kind, anywhere, that is not known world-wide within a week. A million minds engage upon the same project, with the result that there are still further improvements, still more wonderful inventions—and all these procedures repeated! Surely the only explanation is that God is back of the present intelligence now coming to the world. His time has come to bring blessings to mankind, instead of the curse which so long has prevailed.

Kings of Earth Set Themselves.
The kings of the earth, in a broader sense, include financial kings and capitalists of industry, as well as political chieftains. These wise men of the world have grasped the situation only in part. They perceive the blessings and the riches rolling in upon the world through human invention, and are fortifying themselves in luxury and power beside the golden streams they have corralled.

Thus they have "set themselves," according to our text. Moreover, the rulers of the people—the ecclesiastical rulers and princes—are affiliated with

them. Together they take counsel. Their next step will be to put their counsels into practice.

"Let Us Break Their Bands."

For centuries past kings and governments have been more or less restrained by the peoples they governed. And the peoples have been more or less guided by the Bible, and its spirit of liberty. The new conditions of our day, however, have evaded many of the regulations and restraints of the past. The restraints are necessarily unequal to the new conditions. And the people are intent upon making new regulations to cope with the Trusts and the wealth of the financial kings, and with the great power of political kings, as represented in modern military armaments and organizations.

The Bible is the great stronghold of liberty. Through it the masses of civilization have learned that kings and peasants, rich and poor, must all eventually stand before the Judgment Seat and be judged by one Law. This same Bible portrays to the public the Divine Plan of the coming Jubilee or Restitution—the rolling away of the curse and the installation of God's blessing, through Messiah's Kingdom. It shows that the Messianic Kingdom is near, and that it will be inaugurated in the midst of a great Time of Trouble, symbolically represented by St. Peter as a conflagration, as respects ecclesiastical interests, and subsequently the social interests of the world.

Thus the Bible stands; and the spirit of hope and liberty which it inculcates is the Divine restraint, the "bands," the "cords," of our context. "The kings of the earth set themselves; and the rulers take counsel together against Jehovah and His Anointed, saying, Let us break their bands asunder, and cast away their cords from us."

The form which this opposition will assume toward the Bible and its spirit of liberty, the spirit of the New Dispensation, is difficult to detail in advance. We see, however, under the guidance of the New Testament, that this prophecy had a very limited fulfillment at the First Advent; and the fulfillment there may give us a clue to the larger fulfillment now high at hand.

Jesus the Head, the Church His Body.

The Lord's Anointed is The Christ of glory—Jesus the Head, the overcoming Church the Body. This prophecy was fulfilled in respect to Jesus when Pilate and Herod, as representing the worldly powers, took counsel with the chief priests, Scribes and Pharisees, as representing the rulers of the people of God. The religious rulers were leaders, prime movers, in the opposition.

What happened to the Master Himself in the way of opposition from the religious rulers and, under their instigation, from the political rulers, is what we should expect shortly as the fulfillment of this prophecy. The opposition that will arise will be against the Lord and against those who are particularly His representatives and mouthpieces in the world. The federated religious interests, fearful of the Truth, and with cherished plans opposed to it, will shortly denounce it as Caiaphas denounced Jesus. His declaration was, "It is expedient that one man perish, rather than our whole nation." (John 11:50.) As Jesus was crucified "for the good of the cause," as seen by the religious rulers, so we may expect that the last saintly members of the Body of Jesus will similarly suffer for the supposed good of the cause, as viewed by the Scribes and Pharisees of our Day.

God in Heaven Shall Laugh.

When Jesus was crucified, His enemies supposed that His influence would be gone, and that their projects would flourish. But God laughed at them, for they were really accomplishing His will. It was necessary in harmony with God's arrangement that Christ should suffer. Similarly, it is necessary that the last members of the Church, the Body of Christ, should suffer with Him and enter into His glory, by the resurrection "change." Then, too, instead of succeeding, the plans of the rulers all failed. Under Divine disfavor they entered the time of trouble, which culminated in the com-

plete overthrow of their polity. Here we are to expect the same. The Divine purposes, instead of being thwarted, will be helped onward by human opposition to the Divine Plan.

The plans of these kings and rulers will be measurably carried out because (see verse 1) the heathen, the Gentiles, the irreligious, will rage, will be in tumult, striving for liberty and blessings in their own strength, not knowing of the Divine arrangement for the inauguration of the new Kingdom, which is to bless all the families of the earth.—Genesis 28:14; Galatians 3:16, 28.

The declaration further is that "the people [the favored people of God, nominal Christendom] will imagine a vain thing." They will be deceived, as they are at present, into the expectation that they will be able to convert the world and bring in the Messianic Kingdom, or into believing, as some do, that Messiah's Kingdom has already come and has ineffectually been attempting the control of the world until now. They are waiting now for a few millions to be poured into the missionary treasury to effect the world's conversion and to insure God's will being done on earth as in Heaven.

The picture of God's laughing at the poor human pride which will thus vaunt itself is a forceful one. The failure that will come both to the professed people of God and to the world will be a great lesson in humility, never to be forgotten. The absurdities of the position would make all laugh, if they could strip themselves of their pride and realize that, without Divine interposition, God's will could never prevail on earth as in Heaven.

"A Haughty Spirit Before a Fall."

The Lord's next step will be to produce the Time of Trouble, which will teach mankind the great lesson they have declined to learn otherwise. "Then shall He speak to them in His wrath, and vex them in His sore displeasure." That will be the Time of Trouble so prominently mentioned throughout the Bible, "a time of trouble such as never was since there was a nation," "no, nor ever shall be" afterward.—Daniel 12:1; Matthew 24:21.

Human pride, human schemes, which have ignored the Divine Program, will all in that time of trouble show their weakness. The result will be as described by the Prophet. But "when the judgments of the Lord are abroad in the earth, the inhabitants of the world will learn righteousness." (Isaiah 26:9.) Humanity's heartaches and disappointments will eventuate in blessings, as they shall realize God's great and wonderful Plan, with its length and breadth and height and depth of infinite Love, in the Kingdom of Messiah. "The desire of all nations shall come." (Haggai 2:7.) The iron rule will compel obedience, while the Message of God's grace will, as promised, go forth as the Sun of Righteousness, inaugurating the New Day.

The concluding verses of this prophetic Psalm clearly indicate that the trouble under Messiah's Kingdom will turn against those persons and those institutions which are unjust, unrighteous, unholy. On the contrary, all who love righteousness and hate iniquity will be welcomed to associate themselves under Messiah's standard, whether they be rich or poor, influential or otherwise.

As Seen in Former Times.

However strange it may appear to us now, a serious misinterpretation of this very prophecy of the Second Psalm was made by our well-intentioned forefathers. And that misinterpretation brought into the world a vast amount of trouble and persecution.

It came to be generally believed that the Redeemer would not come to set up His Kingdom, to bind Satan and to bless the world. A new theory rose, gradually culminating in the year 800 A. D. It claimed that the Church, before experiencing the resurrection "change" at the Second Coming of Christ, was already the Kingdom of God and fully authorized to reign. Under this theory, missionary work was carried on with a vengeance. The sword, the thumb-screw, the rack and the stake, as well as the national wars, were all considered proper agencies for the enforcement of the Christian faith. This Second Psalm was especially appealed to as the authorization for such unchristian conduct.

It was claimed that, although Jesus was absent, His Church was authorized to reign over the kingdoms of the earth, and to bring them into subjection. All kinds of intrigue and scheming were considered to be justifiable to the accomplishment of the Divine purpose; that Messiah through the Church should conquer the world, that the nations might be broken with a religious sceptre of iron and dashed to pieces, or plotted against and torn in pieces by their subjects, as might be possible. The kings and the judges of the earth who recognized the Church as Messiah's Kingdom were accounted wise. They must serve with fear and literal trembling. On many occasions verse 12 was quoted as a warning to kings and to princes that they must keep in line with the behests of the Church—kiss the son, a claimed vicegerent of Christ—lest he be angry and they perish by the way.

As Revelation 20:1-5 tells us that the Reign of Messiah's Kingdom is to be for a thousand years, and that during that time Satan is to be bound, so it was claimed that this ecclesiastical system must thoroughly blind and dominate Satanic power, as represented in everything that opposed it. In full harmony with this misinterpretation were some of the facts.

For exactly a thousand years Ecclesiasticalism prospered and ruled the world—from A. D. 800 to A. D. 1799. The spell which had held Europe and much of the world for ten centuries was broken by Napoleon. When he carried the Pope a prisoner to France, the world wondered. Could it be that the spiritual power of Christ's King-

dom was ineffective against the great General, Napoleon? What did it mean?

The answer came promptly enough that this was merely another fulfillment of Scripture—the loosing of Satan at the end of the thousand years (Revelation 20:7-10). The prediction was made, and fully believed, that very soon the adverse conditions would pass away, and the ecclesiastical throne be re-established in greater power and glory than ever before. But instead, Ecclesiasticalism has waned. In September 1870 its last support gave way in the French defeat of Sedan. Forthwith the King of Italy took away the last vestige of temporal power.

Awakening of Bible Students.

Since then, Bible students, and indeed the whole world, are awakening to the fact that no real Millennium of blessing was enjoyed during the thousand years of the past. We see instead that it was a period of great darkness, superstition and ignorance. Furthermore, the whole world is becoming convinced that the blessings that have come to us during the past century are not of Satan, but of God. Indeed, we are learning more and more to appreciate the fact that all these wonderful things of steam power and electricity, with their hundreds of applications for the advancement of science and the blessing of humanity, are foregleams of the true Millennium.

More and more we are realizing that we are in the dawning of that New Day, and that the present time of scientific development and enlightenment is but a preparatory epoch, making ready for the coming blessings of Messiah's Kingdom. The Scriptures indeed describe the present as "the day of His preparation"—preparation for the thousand years of Messiah's Reign and the blessing of mankind.

It is not for us to say dogmatically how soon these blessings will burst upon the world in fullest measure. Some Scriptures indeed seem to indicate that they are very close—impending; but the great Time of Trouble with which these blessings will be inaugurated is almost upon us. The discontent prevalent everywhere is leading on rapidly toward the trouble.

How much need we have to remember our text! How much the kings and princes of the world need to be instructed and to be wise—to serve the Lord with fear, and to rejoice with hope and yet with carefulness! How much all men need to remember the closing words of the Psalm: "Blessed are all that put their trust in Him."

The glorious Head of the Kingdom was exalted more than eighteen centuries ago. The First Resurrection will soon complete the Body of Christ, the Church, through which God has designed that redemption shall be extended to the world. Soon the Kingdom will take to itself its great power. Under the Headship of the Messiah, it will go forth conquering, for the purpose of blessing and lifting humanity, for whom Christ died.

Shredded Wheat Biscuits

for the health and happiness of her family, simplifying her house-keeping problems and relieving her of worry and care. In making Shredded Wheat Biscuit we steam-cook the grains of whole wheat, draw them out into delicate, filmy shreds, form them into little loaves or Biscuit and bake them a crisp, golden brown. Because of its biscuit form you can do so many things with Shredded Wheat which you cannot do with other breakfast cereals.

For breakfast heat the Biscuit in the oven a few moments to restore crispness; then pour milk over it, adding a little cream; salt or sweeten to suit the taste. It is deliciously nourishing and wholesome for any meal with stewed prunes, baked apples, sliced bananas, preserved peaches, pineapple or other fruits. At your grocer's.

GRAND JURY REPORTS FOR BUSY SESSION

September Term of Court Opened Monday Morning and Judge T. B. Fulton Delivers Charge.

The September term of court opened Monday morning when Common Pleas Judge T. B. Fulton delivered his charge to the grand jury, urging the jurors specifically to keep a lookout for bucketshops and all forms of gambling, informing them as to the required visit to the county jail, and particularly warning them against permitting friendship or malice to influence them in their deliberations.

Grand Jury Personnel.
Charles O'Bannon, Newark, foreman.
C. C. Baird, Lima, tp.
Philip Jones, Liberty, tp.
W. M. Chen, Licking, tp.
George C. Swartz, Licking, tp.
L. M. Phillips, Newark.
A. P. Tenscher, Newark.
John Tucker, Newark.
Daylight Williams, Newark.
W. C. Collins, Newark.
T. L. King, Newark.
Earl W. Murphy, Newark.
Joe Yates, Newark.
D. H. Pigg, Newark.
Jesse Baldwin, Newark.

This grand jury, the first to be selected from the names placed in the wheel by the two jury commissioners recently appointed by Judge Fulton, under provision of recent legislation, consists of eight business men, one professional man, four farmers and two retired business men.

When court convened six of the panel of fifteen were absent. Four of the number had been excused previously, a fifth was excused on account of deafness and a sixth who had been summoned was a traveling man who was out of town.

Sheriff Slabaugh was ordered to fill in the panel.

After charging the jurors as to the nature of their duties, they were turned over to Prosecutor J. Howard Jones and retired to the jury room at 10:45 o'clock.

Over 100 witnesses are under subpoena to appear before the grand jury, and it is likely the session will occupy the greater part of two weeks.

CORNERSTONE

(Continued from Page 1.)
tions of civilization. He noted deterioration in tools and methods, in things and in peoples, and the consequent necessity for the cycle of change and improvement. This point he made applicable to the church, adding that through all its history it has glorified the cause for which it stood.

Rev. Mr. Holcomb struck a somewhat kindred thought in a comparison of the old and the new. He spoke in particular of the growth of vision and religious conception, as a power in the material growth of the church. He said it typifies development of a more sober thought which accompanies the modern, material growth.

He referred to the Holcomb church, where his mother, when a child, was carried to services. This church was on the verge of dissolution, but had suddenly experienced an awakening with new life. This same spirit of growth is manifest throughout the civilized world, he said.

The actual laying of the cornerstone was performed by the pastor, Rev. P. H. Fry. Before the stone was swung into place, the contents of the sealed box within the stone, was read to the congregation. Within the box were placed the following articles:

- Copy Holy Bible.
- Methodist hymnal.
- Copy Discipline 1912.
- List of members.
- Short history of this church.
- Conference minutes, 1912.
- Picture of pastor and wife.
- Copy Western Christian Advocate.
- Copy Newark papers.
- List of officers and members Ladies Aid society.
- List of subscribers to the building of new church.

The stone foundation of the church, as well as the platform, in the grove, was swung with flags. The stone was placed on the southwest corner of the building. Rev. Mr. Fry wielded the trowel and immediately afterward Mrs. Day crowned the stone with flowers, during which the pastor repeated the following ritual:

"We come to crown with fairest flowers this stone, established as the chief stone of the corner in this temple of our God. The great Jehovah has declared:

"The glory of Lebanon shall come unto thee, the fir tree, the pine tree and the box together, to beautify the place of my sanctuary."
"A tried and sure corner stone set fast in His name, who is the root of David, the balm of Gilead, the rose of Sharon, and the lilies of the valley, whose zodiac will cause the desert places of life to blossom into beauty and fragrance."

Through tradition we learn that when the great mosque of Omar was built, the essence of roses and the fragrance of many flowers were merged everywhere with the mortar.
"And for many ages when the reverent Mohammedans came to worship in the name of their prophet, they were charmed by the sweetness of the fragrance in that sacred place."

"It is our prayer that there may be poured into this mortar and stone such faith in God, such love for Christ, such true spirit of brotherhood, that the blessed fragrance of the spirit of grace and holiness will linger here for ages."
"And that his temple will inspire men to faith and service, is our constant prayer, in Jesus' name."

DIES SUDDENLY MONDAY MORNING WHILE WORKING

Heart trouble which attacked him suddenly while at work in the creek bottom at the end of South Sixth street, claimed the life of George Hardway, 67, a teamster, living at 42 Hancock street, West Newark. The attack seized Mr. Hardway suddenly about 9:30 o'clock Monday morning and he gasped but a few times before his heart gave up the struggle and he died. He was loading gravel from the sand bar in the creek when death came.

A call was sent for the Bazler & Bradley ambulance and a quick run was made, but death had ensued before the ambulance arrived. The body was removed to the firm's morgue, where it was prepared for burial.

Friends bore the sad news to Mrs. Hardway, who suffered much from the shock of her husband's sudden death.

Mr. Hardway was a native of Licking county, having been born near Union Station. He has been a resident of Newark for several years. He was a highly respected and well liked citizen and the announcement of his death will cause much surprise to his many friends.

Besides his faithful wife, he leaves two brothers, Frank and H. V. Hardway, both of whom live in Hancock street. The latter, the well known horseman, is now in West Virginia attending the fair circuit races and efforts were made to locate him to advise him of his brother's death. R. E. Hardway, former circulation manager for the Advocate is a nephew.

COUNCIL WILL PASS SUBWAY LEGISLATION

Plans are completed to hurry through council tonight legislation providing for the grade crossing elimination project and to submit a vote of the people a proposition to issue bonds in the sum of \$240,000 to pay the city's share of the proposed improvement. It is believed that there will be no hitch in the program as the matter was thoroughly threshed out at the caucus meeting of council Friday night. It is the desire of the administration to get the legislation passed tonight so there will be no trouble in having the matter ready to present to the people on November 4, the regular election day.

ATTENTION, U. V. L.

All comrades of the Union Veteran Legion, Grand Army and Spanish-Americans, their wives and sweethearts wishing to attend the twenty-eighth national convention of the Union Veteran Legion to be held in Zanesville, September 9, 10, 11 and 12, will meet at the interurban station, Wednesday, September 10 and take the 7:05 a. m. car. Fare for round trip, 95 cents.

There will be an automobile ride over the city in the forenoon and at 2 p. m. in Memorial hall an address of welcome by Mayor John H. Johnson. Response by Austin H. Stafford, National Commander Union Veteran Legion. At 8 p. m. an old-fashioned campfire. Everybody invited. Comrades of the U. V. L. don't forget your badges.

PETITIONS FOR INJUNCTION.

Clarence E. Linn, owning property abutting on the south side of Granville street, has petitioned common pleas court for an injunction against the city of Newark and Hall Nutter, Frank M. Schimpf and Fred Turner, as contractors. Linn alleges the city threatens to encroach on his property in establishing the entrance to an alley nearby. He says the city wants to take ten feet off his premises. In connection with a paving contract, Flory & Flory represent him.

AMERICAN WOMEN CARELESS.
